Timetable

European Youth Cup

Selection window for attainment of Minimum Qualifying Scores: 29 April 2023 – 30 September 2023

Due to the early scheduling of the European Youth Cup in the competition season, there will be no opportunity for athletes to achieve scores in 2024 before the deadline for the team to be selected. For this reason, the MQS window has been set at the end of the 2023 outdoor WA70/60/50 competition season.

Archery GB may (but is under no obligation) to select up to four athletes per category. Subject to sufficient athletes per category achieving the MQS within the selection window, the top three per athletes per category will be selected on the sum of their two best MQS scores. Any further selection will be subject to the selection panel's jurisdiction.

European Youth Championships

Provisional selection window for attainment of Minimum Qualifying Scores: 29 April 2023 – 18 May 2024

The selection shoot process for the European Youth Championships will seek to make use of stages 1 (Lilleshall, 27 April) and 2 (Woking, 18 May) of the Junior Archery Series for a number of reasons:

- Continuing pressure on the cost of living
- Tight schedule to facilitate selection shoots between international events
- Allowing athletes to prioritise and focus on events during exam periods whilst supporting the exciting new Junior Archery Series

2025 selection process

Archery GB may choose (but is not obligated) to select athletes for a number of different youth international events in 2025 including:

- European Youth Cup 1st leg
- European Youth Cup 2nd leg
- World Youth Championships

Archery GB may publish different Minimum Qualifying Scores and selection criteria for each competition, appropriate to the context and purpose of each event.
