

THE TARGET ARCHERY RANKINGS 2011

Shoots with UK Record Status were admissible for the Rankings in 2011, in addition to those with World Record Status. A total of 424 members completed the required shoots, almost the same as in 2010. A number of events were cancelled in advance and the weather also played an important part, cutting short at least 6 events. Is our weather actually getting worse, or are we, the archers, just less hardy?

In the recurve and compound disciplines, the names around the top of each list are generally as expected, with our international archers well represented.

There are separate lists for Longbow and Barebow archers again this year, although the numbers remain relatively small.

Archers from 194 clubs feature in the lists. The club with the most archers is Meriden AC with 11 archers, followed by Llantarnam AC with 9 archers.

In the lists that follow, the points gained represent each archer's best 3 ladies/gents FITA rounds and best 2 FITA 70m rounds from shoots with UK or World Record Status. In addition, archers were required to shoot an Olympic or a Compound Match round.
