

## Archery GB Target Archery National Rankings 2016

These Target Archery National Rankings 2016 represent the results from 133 events in the UK plus 14 events abroad. Over 640 archers are shown, a small but continued increase in numbers over last year

For compound archers the points gained represent each archer's best two ladies/gents WA 1440 rounds and best three WA 50m rounds all from shoots with World or UK Record Status plus their best match score from an associated compound match round.

For recurve archers, the points represent each archer's best two ladies/gents WA 1440 rounds and best three WA 70m rounds all from shoots with World or UK Record Status; in addition recurve archers are required to shoot an associated Olympic round but the score is not included in the total.

For barebow and longbow archers, the points represent each archer's best two ladies/gents WA 1440 rounds and best three WA 70m rounds all from shoots with World or UK Record Status.

Each gender/bowstyle listing starts on a new page.
