World Record Status Tournament Application Guidance

World Record Status (WRS) tournaments must have a National Judge (or higher) in charge.

Membership Services should be informed, as soon as convenient, of any changes to details in part 1 or 2 of this Application.

Refunds are not available for cancelled tournaments; however, minor changes might be approved.

Archery GB tournament details will be published in Archery UK and at www.archerygb.org.

If applying for WRS for the first time, please include copies of a previous tournaments entry form, target list and result sheet.

To avoid disappointment, applications must be received by Membership Services at least 4 months prior to the tournament date for approval.

Membership Services will endeavour to confirm receipt of applications to the Tournament Organiser within 2 weeks by post/email. If you have not received confirmation within this time; please contact Membership Services. Once Record Status has been granted (usually within 6/8 weeks), Membership Services will forward the tournament monitoring and the record/award claims paperwork for you, the judges and the archers to complete during/after the competition.

World records are available at www.archery.org, European records are available at www.emau.org and UK records are available at www.archerygb.org. If required, a hard copy of all records can be provided by Membership Services.

Tournament organisers should be familiar with SAP 3, the relevant rules for the rounds being shot, the Tournament Organisers Handbook and the incident notification guidelines associated with Archery GB's insurance liability cover.

Organisers of World Record Status Tournaments must have previous experience of running UK Record Status Tournaments or above.

Where reasonable, tournaments should accommodate the needs of archers with disabilities.
