

The Archery GB Target Archery Rankings 2017

Firstly, I would like to thank Bob Tonkin, who has voluntarily and single handily managed and processed the Archery GB National Rankings for the last 15 years, on behalf of the Archery GB Target Committee. At the beginning of 2017 Bob decided after lots of consideration to retire from compiling the National Rankings. On behalf of Archery GB and the members, thank you Bob for all your hard work over these years.

These Target Archery National Rankings 2017 represent the results from over 130 events in the UK, plus 16 events abroad. These are the final Rankings.

For compound archers the points gained represent each archer's best two ladies/gents WA 1440 rounds and best three WA 50m rounds all from shoots with World or UK Record Status plus their best match score from an associated compound match round.

For recurve archers, the points represent each archer's best two ladies/gents WA 1440 rounds and best three WA 70m rounds all from shoots with World or UK Record Status; in addition, recurve archers are required to shoot an associated Olympic round, but the score is not included in the total.

For barebow and longbow archers, the points represent each archer's best two ladies/gents WA 1440 rounds and best three WA 70m rounds all from shoots with World or UK Record Status.
