The **Easy** way to login to your online membership

You may have noticed the club portal looks slightly different as we have had a new user interface. You should however find it similar to the old system.

This facilitates a **much quicker and improved membership process**, allowing Archery GB to offer additional support to clubs and members.
Logging in and checking/completing your record, will significantly help your club secretary with this year’s online membership renewals.

You can see how we use your personal details by viewing our Privacy Notice which is available at www.archerygb.org

Please note:
If you are a club member do not renew your club membership yourself - this is something your Club Secretary will do for you, from 1st September 2020.

The Benefits of the online membership system

- Data becomes more reliable, reducing instances of duplicate records
- As soon as payment is received from your club, you will receive an electronic membership card (e-card) as long as you have supplied your email address
- The e-card can be:
  - Printed from the email - hardcopy
  - Downloaded to a mobile phone or other device
- The whole process is significantly quicker
