As National T.O., I wish to acknowledge the work of the AGB Office, the venue organisers, work parties and judges, without whom this tournament could not possibly work.

I also wish to acknowledge the help from my good friend and advisor, Chris Bushell, who is always willing to lend a hand an ear.

Congratulations to all you archers: the weight of your numbers and your impressive geographical spread continue to make this a tournament worthy of its title.

A special mention for Sarah Monteith - her score is the highest for 5 years and has only been exceeded on two occasions - both British record scores.

Finally, my sincere thanks to my wife, Jane, who puts up with a lot so that I can organise this tournament for you.
